### Private Client

Tax Consulting  
Retirement Planning  
Wills and Estates  
Financial Planning

Business development for medium to large companies is Melvyn's niche. He ensures his clients meet their goals – whether they be accelerated growth, profit maximisation or strategic exits.

With over 20 years' experience in the mitigation of both business and personal tax liabilities, he also has expertise in ensuring that personal and organisational strategies work in harmony.

Melvyn has extensive experience in advising organisations with the added complexities of being either internationally or family owned and managed.

Melvyn is also a Licensed Insolvency Practitioner and has experience in all types of formal personal and corporate insolvency procedures, providing turnaround, recovery or insolvency advice for companies, memberships and individuals.

Melvyn is an Associate of the Chartered Institute of Taxation and a Licensed Insolvency Practitioner.

### Areas of expertise

- Business growth and development
- Corporate rescue and insolvencies
- Corporate and personal tax mitigation
- Non domiciled taxation
- Succession and exit planning
- Recovery and insolvency for individuals and companies
- Mergers and acquisitions

### Relevant experience

- Administration of Dawney, Day Group
- Quadrupled net profits within 3 years of a £35m national distributor of industry specific products through a programme of strategic growth
- Managed the smooth exit of a controlling shareholder via an MBO from a multi-million pound business. The project included the introduction of staff share options, business planning with the incoming team and 100% personal tax mitigation for the exiting owner
- Restructured a group of property companies to create substantial tax saving opportunities that would expand in line with the business' continued development. Additional benefits included a successful renegotiation of the group's financial arrangements, greater flexibility and improved risk management
